To Our Customers

We take great pleasure in presenting you with our new Dahlia Catalogue for 1924. We do not list a large collection, but such varieties only that have been selected for their superiority in color, perfection of form, length and stiffness of stem, continuous blooming, etc. We list only novelties, and standard varieties of real merit, based on actual experience and personal observation.

Early orders are solicited.

Terms: Cash with order or in advance of shipment.

Guarantee: I guarantee all tubers and plants to be healthy and true to name. If not satisfactory, they should be returned upon delivery.

Substitution: We do not substitute except upon permission.

Garden sales, and orders taken at Dahlia Shows have again cleaned some varieties so close that I will be unable to list them here, and many on this list are limited.

Green Plants: I prefer green plants for several reasons. They produce as good or better flowers, as well as better tubers, which are cleaner and free from disease.

Abbreviations: C signifies Cactus; D, Decorative; H. C., Hybrid Cactus; P, Peony; and S, Show.

GENERAL COLLECTIONS

For the benefit of those who are not familiar with the names of the different varieties of Dahlias or do not care to select particular kinds, these collections are put up in amounts ranging from \$8.00 to \$50.00 per dozen, and include the latest and finest varieties.

In ordering, simply specify the amount you wish to spend per dozen, and we will ship you a collection of Dahlias which will catalogue at least twice the amount remitted; the selection of varieties being left to us.
